

# Face Treatments

*by Biologique Recherche*

The Biologique Recherche methodology is based on over 45 years of experience using innovative products and meticulous protocols. The products are formulated with high concentrations of active ingredients derived from natural or biotechnological compounds and are fragrance-free.

Our therapists at Allure spa are trained with the Biologique Recherche methodology to create a personalized and unique face treatment for each Skin Instant. Our face treatments consist of three core stages and seven steps during which our spa therapists will reshape the face with unique, original techniques.

An in-depth dermo-cosmetic skin diagnosis is a key part of the Biologique Recherche protocol, so we can personalize your beauty treatment according to your Skin Instant<sup>©</sup> using our specific physiological, behavioral, and tactile approach.

## Skin Instant Treatment<sup>©</sup>

40 min

The Skin Instant<sup>©</sup> Lab consists of five sensors (measuring hydration, trans-epidermal water loss, elasticity, pigmentation, and sebum levels) linked to a computer with an exclusive diagnostic analysis software program developed by Biologique Recherche. Based on our expert's dermo-cosmetic analysis and objective measurements, the Skin Instant<sup>©</sup> Lab gets data from our knowledge bank to come up with a selection of products and treatments perfectly matching to your Skin Instant<sup>©</sup> needs.
